# Florida at Work 2013

## Legislative Transportation Briefing

### Florida House District 15

*The Mission of the Florida Department of Transportation (FDOT) is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of our environment and communities.*

**BENEFITS** – Transportation improvements result in tangible benefits.

- **JOBS** – \$1 billion invested in transportation projects supports about 28,000 jobs.
- **ECONOMY** – Over the next five years, planned improvements will grow Florida's Gross State Product (GSP) by an estimated \$11 billion in increased productivity.
- **RETURN ON INVESTMENT (ROI)** – Every dollar invested in transportation is estimated to result in a return of nearly \$5 in user and economic benefits to Florida's residents and businesses. This high ROI demonstrates why transportation investment is so vitally important, particularly in challenging economic times.

**PERFORMANCE** – Highlights of transportation investment accomplishments<sup>1</sup>.

- **ECONOMIC COMPETITIVENESS** – Transportation investments are prioritized to strengthen and support our economy. Cargo valued at \$83 billion moves through Florida's seaports, 83 million tons of freight move over our railroads each year, trucks transport 83% of all manufactured tonnage in Florida and the aviation system contributes \$114 billion to the state's economy each year.
- **SAFETY** – Fatality and crash rates are decreasing on Florida's highways – protecting our most valuable asset – our people. Safety belt usage has increased to 88% – an all-time high. A new statewide initiative to improve safety for pedestrians and cyclists is now underway.
- **PRESERVATION** – Maintenance, pavement and bridge conditions are meeting or exceeding performance targets. FDOT met or exceeded its maintenance standard on highways since 1994. Nearly 89% of pavements and 95% of bridges meet standards.
- **MOBILITY** – 95% of trips in Florida arrive on time. Reliability has remained high on freeways in our most populous counties during peak travel times. Growth in transit ridership is providing access to jobs, services, and education. The increase in delay on Florida's key highways has slowed to 2.1%, but growth in travel delay in urban areas is expected to continue to outpace system expansion.

**FUNDING** – Transportation projects require multi-year funding.

- **STATE TRANSPORTATION TRUST FUND** – The Trust Fund was created to dedicate all transportation related revenue sources including state fuel taxes, motor vehicle fees, and federal funds for transportation purposes.
- **CASH FLOW vs. COMMITMENTS** – FDOT currently has over \$7 billion of secured funding commitments to transportation contractors and partners while targeting a projected cash balance between \$200 and \$250 million.
- **REVENUE SHORTFALLS** – By the end of the decade FDOT expects to lose \$5 billion in gas tax revenue due to more efficient vehicles using less fuel.

**DID YOU KNOW...**  
on average, Floridians pay less than 1 cent per mile in state fuel taxes to support transportation improvements in Florida?

<sup>1</sup>FDOT provides extensive performance reporting as part of our philosophy of accountability and proactive communication with stakeholders and the public. For detailed information on Transportation Performance in Florida see [www.dot.state.fl.us/planning/performance](http://www.dot.state.fl.us/planning/performance).

# Transportation Improvements Florida at Work

## FLORIDA HOUSE DISTRICT 15

### Project Type

-  Florida Transportation Vision for the 21st Century
-  Aviation, Seaport, Transit & Intermodal
-  Bridge
-  Capacity
-  ITS & Information Systems
-  Planning, Engineering, Etc.
-  Rail
-  Resurfacing, Rehab, Etc.
-  Safety, Utility, Etc.

### Transportation Facilities

-  Public Airport
-  Major Airport
-  Deepwater Seaport
-  Passenger Intermodal Station
-  Bus Station
-  Freight Intermodal Station
-  Interstate Highway
-  Major US or State Highway
-  Other US or State Highway
-  County Highway
-  Railway

**FDOT District Map:**

House District 15  
Representative  
Daniel Davis  
Amended Work Program  
September 2012

**MAJOR PROJECTS**

Project ID	Description	Phase	Location	Fiscal Year	Total Cost
1. SR 23	New Road Construction	PE/CON	From - N of Argyle Forest Blvd To - I 10	FY - 2013	Totals - \$165,092,783
2. SR 23	New Road Construction	PE/CON	From - Clay C/L To - N of Argyle Forest Blvd	FY - 2013	Totals - \$24,609,223
3. I 10 (SR 8)	Interchange Improvement	PE/ROW/CON	At Marietta Interchange Hammond Blvd	FY - 2013-2015	Totals - \$13,111,163
4. I 10 (SR 8)	Interchange Improvement	PDE/PE/ROW/CON	At SR 200 Interchange Ramp Modifications	FY - 2013-2017	Totals - \$51,734,603
5. SR 200 (US 301)	New Road Construction	PDE/PE/ROW	From - S of Baldwin To - N of Baldwin	FY - 2013-2017	Totals - \$12,440,0633
6. SR 200 (US 301)	Add Lanes & Reconstruct	PE/CON	From - S of Duval C/L To - S of Callahan (Nassau County)	FY - 2013	Totals - \$5,777,649
7. Cecil Field Airport	Aviation Preservation	GRA	Design & Construct Mid-Field Hangar	FY - 2013	Totals - \$2,500,000
8. Cecil Field Airport	Aviation Revenue/Operational	GRA	Design & Construct Maint. Hangar	FY - 2013	Totals - \$20,440,000
