Florida House District 28

The Mission of the Florida Department of Transportation (FDOT) is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of our environment and communities.

BENEFITS – Transportation improvements result in tangible benefits.

- **JOBS** – \$1 billion invested in transportation projects supports about 28,000 jobs.
- **ECONOMY** – Over the next five years, planned improvements will grow Florida's Gross State Product (GSP) by an estimated \$11 billion in increased productivity.
- **RETURN ON INVESTMENT (ROI)** – Every dollar invested in transportation is estimated to result in a return of nearly \$5 in user and economic benefits to Florida's residents and businesses. This high ROI demonstrates why transportation investment is so vitally important, particularly in challenging economic times.

PERFORMANCE – Highlights of transportation investment accomplishments¹.

- **ECONOMIC COMPETITIVENESS** – Transportation investments are prioritized to strengthen and support our economy. Cargo valued at \$83 billion moves through Florida's seaports, 83 million tons of freight move over our railroads each year, trucks transport 83% of all manufactured tonnage in Florida and the aviation system contributes \$114 billion to the state's economy each year.
- **SAFETY** – Fatality and crash rates are decreasing on Florida's highways – protecting our most valuable asset – our people. Safety belt usage has increased to 88% – an all-time high. A new statewide initiative to improve safety for pedestrians and cyclists is now underway.
- **PRESERVATION** – Maintenance, pavement and bridge conditions are meeting or exceeding performance targets. FDOT met or exceeded its maintenance standard on highways since 1994. Nearly 89% of pavements and 95% of bridges meet standards.
- **MOBILITY** – 95% of trips in Florida arrive on time. Reliability has remained high on freeways in our most populous counties during peak travel times. Growth in transit ridership is providing access to jobs, services, and education. The increase in delay on Florida's key highways has slowed to 2.1%, but growth in travel delay in urban areas is expected to continue to outpace system expansion.

FUNDING – Transportation projects require multi-year funding.

- **STATE TRANSPORTATION TRUST FUND** – The Trust Fund was created to dedicate all transportation related revenue sources including state fuel taxes, motor vehicle fees, and federal funds for transportation purposes.
- **CASH FLOW vs. COMMITMENTS** – FDOT currently has over \$7 billion of secured funding commitments to transportation contractors and partners while targeting a projected cash balance between \$200 and \$250 million.
- **REVENUE SHORTFALLS** – By the end of the decade FDOT expects to lose \$5 billion in gas tax revenue due to more efficient vehicles using less fuel.

DID YOU KNOW...
on average, Floridians pay less than 1 cent per mile in state fuel taxes to support transportation improvements in Florida?

¹FDOT provides extensive performance reporting as part of our philosophy of accountability and proactive communication with stakeholders and the public. For detailed information on Transportation Performance in Florida see www.dot.state.fl.us/planning/performance.

Project Type

-  Florida Transportation Vision for the 21st Century
-  Aviation, Seaport, Transit & Intermodal
-  Bridge
-  Capacity
-  ITS & Information Systems
-  Planning, Engineering, Etc.
-  Rail
-  Resurfacing, Rehab, Etc.
-  Safety, Utility, Etc.

Transportation Facilities

-  Public Airport
-  Major Airport
-  Deepwater Seaport
-  Passenger Intermodal Station
-  Bus Station
-  Freight Intermodal Station
-  Interstate Highway
-  Major US or State Highway
-  Other US or State Highway
-  County Highway
-  Railway

House District 28
 Representative
 Jason T. Brodeur
 Amended Work Program:
 September 2012

MAJOR PROJECTS

1. CR 426
 Pave Shoulders
 Phase - CON
 From - Division St
 To - SR 46
 FY - 2013
 Totals - \$4,307,895

2. Orlando-Sanford Int'l Airport
 Aviation Capacity/Preservation/
 Revenue/Operational/Safety/
 Environmental
 Phase - GRA
 FY - 2013 - 2017
 Totals - \$67,601,145

3. SR 15/600 (US 17/92)
 Add Lanes and Reconstruct
 Phase - PDE/PE/CON/GRA
 From - Shepard Rd
 To - Lake Mary Blvd
 FY - 2013/2017
 Totals - \$40,889,350

4. SR 415 & SR 46
 Add Lanes and Reconstruct
 Phase - PE/ROW/CON
 From - SR 46 to - Reed Ellis Rd
 From - Mellonville to - Brisson Av
 FY - 2013
 Totals - \$3,082,640

5. SR 419/434
 Resurfacing
 Phase - PDE/CON
 From - W of Jetta Pt
 To - N of Mitchell Hammock Rd
 FY - 2013
 Totals - \$3,322,567

6. SR 434
 Add Lanes and Reconstruct
 Phase - ROW
 From - Smith St
 To - Franklin St
 FY - 2013/2016
 Totals - \$24,299,818

7. SR 46
 Right of Way - Future Capacity
 Phase - ROW
 From - Mellonville Ave
 To - SR 415
 FY - 2013
 Totals - \$3,938,533

8. SR 46 Widening
 Preliminary Engineering
 Phase - PE
 From - SR 415
 To - CR 426
 FY - 2015
 Totals - \$5,606,860

Phase Key: PDE = Project Development & Environment PE = Preliminary Engineering ROW = Right-of-Way CON = Construction GRA = Grant
