Re: State Specifications and Estimates Office
Section **353**
Proposed Specification: **3530200 Concrete Pavement Slab Replacement.**

Dear Mr. Thompson:

We are submitting, for your approval, two copies of the above referenced Supplemental Specification.

These changes were proposed by Karen Byram because the current language indirectly references S926 Epoxy Type J Epoxy, Type J was changed to S937 compounds.

Please review and transmit your comments, if any, within two weeks. Comments should be sent via email to SP965DS or daniel.scheer@dot.state.fl.us.

If you have any questions relating to this specification change, please call me at 414-4130.

Sincerely,

Daniel Scheer, P.E.
State Specifications Engineer
