

ORIGINATION FORM

Date: **10-31-2013**

Originator: Jeff Morgan

Contact Information: Traffic Engineering and Operations, Traffic Systems Section
850-410-5600

Specification Title: **GENERAL REQUIREMENTS FOR TRAFFIC CONTROL SIGNALS AND DEVICES**

Specification Section, Article, or Subarticle Number: 603

Why does the existing language need to be changed? Construction Office suggests language be added to clarify that manufacturer's seeking evaluation of their products for the APL refer to Subarticle 6-1.3.1.2. Submittal Data form title in 603-5 needs clarification to match 611.

Summary of the changes: Added reference to 6-1.3.1.2. Clarified 603-5 with regard to submittal data form title.

Are these changes applicable to all Department jobs? If not, what are the restrictions? This requirement has typically been applicable to all jobs in the past, specifically those including Traffic Control Devices.

Will these changes result in an increase or decrease in project costs? If yes, what is the estimated change in costs? No increase or decrease in project costs is expected.

With who have you discussed these changes? In-house stakeholders (Traffic Engineering and Operations, Specifications, Construction, and Roadway Design staff).

What other offices will be impacted by these changes? None.

Are changes needed to the PPM, Design Standards, SDG, CPAM or other manual? No.

Is a Design Bulletin, Construction Memo, or Estimates Bulletin needed? No.

Contact the State Specifications Office for assistance in completing this form.
