Comments: (1-6-14)

1. Table in Section 7-25 has zero trainees required if the Contract Amount is “Under \$1,000,000” and then 2 trainees required if the Contract Amount is “Over \$1,000,000”. Therefore, there is no clear number of required trainees if the Contract Amount is exactly \$1,000,000. Recommend changing the top line to state “\$1,000,000 and Under” for zero trainees.

Response: First group will be changed to read “\$1,000,000 or less”.  
Change made.

2. With the deletion of the sentence requiring the letter for promotion to journeyman status, per DCE Memo No. 24-14, the required form will be revised to reflect that it is for graduation of the trainee candidate to Journeyman status. Therefore, for this specification, recommend revising the statement in Section 7-25 that simply notes “Trainee Enrollment and Personnel Action Form” to now state “Trainee Enrollment and Personnel Action Form indicating graduation of the trainee candidate to Journeyman status.”

Response: The graduation of the Trainee is part of the Personnel Action indicated on the form so no further spec change is necessary.  
No changes made.
