### MEMORANDUM

**DATE:** June 21, 2011

**TO:** District Specifications Engineers and Central Office Staff

**FROM:** Rudy Powell, P.E., State Specifications Engineer

**SUBJECT:** MANDATORY SPECIFICATIONS REVISIONS  
July 2011 Workbook: Mandatory Revision No.2

Revise specification packages as described below for effective letting date as noted:

Specification Number	Heading	Revision Date	Effective Letting Date	Remarks
SP0072900	Legal Requirements and Responsibility to the Public – Scrutinized Companies	6-17-11	7-11	New SP. Usage Note: All Jobs.

Chapter 2011-104, Laws of Florida (formerly Senate Bill 444) was approved by the Governor on June 2, 2011 creating Section 287.135 of the Florida Statutes prohibiting state agencies and local governmental entities from contracting for goods and services of \$1 million or more with companies that are on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. A requirement of this statute is any contract for goods or services of \$1 million or more entered into or renewed on or after July 1, 2011 must contain a contract provision that allows for termination of the contract if the company is found to have submitted a false certification regarding the Scrutinized Companies List. This Special Provision satisfies this requirement. A usage note of All Jobs is used because the contract amount will not be known when the specifications package is prepared so the specification language addresses the \$1 million threshold instead of the usage note. Certification requirements will be handled by the Contracts Office as part of the bid documents.
