SECRETARY

MEMORANDUM

DATE: June 8, 2012

TO: District Specifications Engineers and Central Office Staff

FROM: Trey Tillander, P.E., State Specifications Engineer

SUBJECT: MANDATORY SPECIFICATIONS REVISIONS
July 2012 Workbook: Mandatory Revision No.2

Revise specification packages as described below for effective letting date as noted:

Specification Number	Heading	Revision Date	Effective Letting Date	Remarks
SP0072900	Legal Requirements and Responsibility to the Public – Scrutinized Companies	6-8-12	7-12	New SP. Usage Note: All Jobs.

Chapter 2012-196, Laws of Florida (formerly House Bill 959) was approved by the Governor on May 1, 2012 amending Section 287.135 of the Florida Statutes prohibiting state agencies and local governmental entities from contracting for goods and services of \$1 million or more with a company that has business operations in Cuba or Syria. A requirement of this statute is any contract for goods or services of \$1 million or more entered into or renewed on or after July 1, 2012 must contain a contract provision that allows for termination of the contract if the company is found to have business operations in Cuba or Syria. This Special Provision satisfies this requirement. A usage note of All Jobs is used because the contract amount will not be known when the specifications package is prepared so the specification language addresses the \$1 million threshold instead of the usage note. Certification requirements will be handled by the Contracts Office as part of the bid documents.
