- (1) There were two separate requests for revisions to Section 649 for the January eBook. Changes for the initial request (6490000) were approved by FHWA on 8-2-14 and were incorporated into the eBook. The second request (6490000-2) was approved on 9-4-14, after publishing the 2015 ebook and was issued by Mandatory No. 1 SS6490000. The approved changes for 6490000 were inadvertently omitted from 6490000-2. Mandatory No. 2 corrects this.

- (2) Mandatory No. 2 is issued to remove qualification loading requirements (implemented by Man01 for the January 2015 eBook) until additional test methods and criteria are refined under a current research project. Introducing this requirement at this time may unnecessarily restrict products currently approved for use.
