SUBJECT: Design Standards – 2010

Copies of the 2010 Design Standards have been forwarded to the Directors of Operations and Directors of Production in each district. Additional copies may be obtained from Central Office Maps and Publication.

Consultants, contractors and others outside the Department may purchase copies of the 2010 edition from Central Office Maps and Publications, 605 Suwannee Street, MS-12, Tallahassee, FL 32399-0450, Telephone (850) 414-4050. The price per copy is \$15.75. The standards may also be ordered online at:

<http://www.dot.state.fl.us/mapsandpublications/>

The 2010 Design Standards are also available online in PDF format at:

<http://www.dot.state.fl.us/rddesign/>

The change in font style that was begun with the 2008 Standards has been completed and all the sheets appear uniform throughout the 2010 Standards. This change often required that sheets be reformatted resulting in details being moved to new sheets.

New standards in the 2010 booklet include:

288 – Deep Well Injection Box
484 – Traffic Railing (Vertical Face Retrofit) Spread Footing Approach
625 – Temporary Road Closure – 5 Minutes or Less
655 – Traffic Pacing
667 – Toll Plaza Traffic Control Standards
5207 – Precast Sound Barrier – Precast Post Capital
17347 – Bicycle Markings

Many of these new standards were previously published as Interim Standards to the 2008 booklet. A detailed listing of all revisions to the standards is provided in the front of the booklet.

The 2010 Design Standards shall be applied to all projects beginning with the July 2010 letting. The 2008 Design Standards and subsequent revisions shall continue to be applied to all projects to be let PRIOR to July 1, 2010

Please contact the Roadway Design Office at (850) 414-4283 if you have any questions.
