## **MEMORANDUM**

**DATE:** November 7, 2017

**TO:** FDOT Drainage Designers

**FROM:** Carlton Spirio, P.E. (State Drainage Engineer)

**SUBJECT:** FDOT Drainage Design Guide – January 2018

The Drainage Design Guide (DDG) has been revised for the January 2018 scheduled release date. The Drainage Design Guide was originally released in 2017 as a handbook to combine all nine (9) previously active drainage handbooks into a single user-friendly document. The 2018 release of the DDG has very few content revisions, but does updated the Standard Plans for Road and Bridge Construction (Standard Plans) references to match the new index numbers and all references to the FDOT Plans Preparation Manual (PPM) to the newly released FDOT Design Manual (FDM).
