Subject These are the materials for you to review prior to the July 19 Greenbook Chapter 11 Update Subcommittee Meeting

Dear Greenbook Chapter 11 Update Subcommittee Members:

Attached for your review prior to our July 19,2007 teleconference at 3 PM are three MSWord document files, as follows:

The first (Chapter 11 WorkZoneSafety AWS 070307.doc) is our first draft of an Updated Chapter 11 (July 2007 Draft) to the Florida Greenbook. Revisions by myself, Amy Datz and Cheryl Adams are included. I included only those revisions to Chapter 11 that I could justify per my Memo 1, but included essentially all of the revisions suggested by Amy Datz (regardless of my assessment in Memo 2). All of Cheryl Adam's revisions are included, too.

The second (Memo 1) is a memorandum discussing my assessment of the revisions I originally suggested in my March 2007 document to the overall Greenbook Committee about updating Chapter 11. At our May, 2007 teleconference, we decided that the changes I originally suggested needed to be evaluated carefully to see how they meshed with MUTCD language.

The third (Memo 2) is a memorandum I prepared that did essentially the same type of assessment for the changes that Amy Datz had suggested.

Rob, it is my understanding that you will post these materials on the FDOT's website for public access.

Your continued involvement is appreciated. Let me know if there are any questions.
