

Florida Safe Routes to School Strategic Plan

The Florida SRTS program is extremely popular, with requests for funding far exceeding what is available. To help ensure the limited funding is spent in the most beneficial way as well as reaches as many schools and communities as possible, we are working to develop a SRTS Strategic Plan.

We will be meeting around the state with a brief overview of the program as well as summaries of the feedback gained from the online [questionnaire](#), particularly any themes that might emerge. We will then begin to develop a vision and goals for Florida's program discussing the strengths, weaknesses, opportunities and threats.

Key information from the regional sessions, as well as the [questionnaire](#), will be used to develop the plan. If you would like to be a part of this, please fill out this [questionnaire](#) and attend one of the regional meetings in your area. Potential regional stakeholders could include:

SafeKids Coalitions
Health Departments
Education Departments
Law Enforcement
Funded Grantees
Previous Grant Applicants

Bicycle/Pedestrian Groups
Trail Groups
Parents of School-age Children
Transportation
Departments/Public
Works Officials

Parent/Teacher Groups
Crossing Guard Program
Coordinators
MPO/TPOs/RPCs

Miami: Monday, November 27th

2-5 pm
Florida Department of Transportation, District 6 Main Office
Conference Room C
1000 N.W. 111 Avenue
