# Introduction

This manual includes program information, application forms, exhibits, certifications and assurances, and instructions to enable an applicant to apply for Federal rural capital under U.S.C. Section 5339 Bus & Bus Facilities Program, as administered by the Florida Department of Transportation (FDOT).

The Section 5339 Bus & Bus Facilities Program provides Federal capital assistance to eligible recipients (see next page) who operate/contract public transportation services in rural areas. To be considered rural, an area will have population under 50,000.

Several types of activities are eligible for federal assistance under this program including projects to replace, rehabilitate, and purchase buses and related equipment, and projects to construct bus-related facilities. This includes the acquisition of buses for fleet and service expansion, bus maintenance and administrative facilities, transfer facilities, bus malls, transportation centers, intermodal terminals, park and ride stations, acquisition of replacement vehicles, bus rebuilds, passenger amenities such as passenger shelters and bus stop signs, accessory and miscellaneous equipment such as mobile radio units, supervisory vehicles and fare boxes, computers, and shop and garage equipment. Capital equipment purchased must be necessary and reasonable to the provision of public transportation services in rural areas.

Interested applicants may also obtain other application manuals from the FDOT District Office in their service area (see Appendix), including the: Section 5310, Formula Grants for the Enhanced Mobility of Seniors and Individuals with Disabilities Program; and Section 5311, Rural Formula Program.

## General Program Information / Requirements

**Program Administration.** The Federal government allocates funds by formula to the State of Florida each fiscal year for the Section 5339 Program. FDOT has been designated by the Governor of Florida to administer the program. As the program administrator, FDOT is responsible for the following services. At its discretion, FDOT may contract with a service provider to perform these services.

1. announcement of funding availability;
2. selection of projects for funding according to approved selection criteria;
3. development and processing of agreements;
4. oversight of recipient procurement actions;
5. oversight of recipient compliance with state and Federal requirements;
6. processing of recipient invoices for reimbursement, and
7. provision of technical assistance regarding the Section 5339 Program.

Authorizing legislation for the program is shown in the Glossary of this manual under “authorizing Federal and State Legislation.”

The Federal goal of the program is to replace aging equipment and infrastructure. In Florida, program funds shall be used to support local transportation services that act to maximize the passenger carrying capacity of surface transportation facilities. Services for the transportation disadvantaged should play a significant part under this program. All recipients of funds shall provide their non-prioritization service plan to the District to ensure access to the general public. Recurring applicants must re-submit their non-prioritization plan only if changes to the plan has been made since previous application cycle.

**Application Deadlines.** Application deadlines vary from district to district but usually fall between December and February each year. When received, FDOT District Offices evaluate applications within their respective districts and, thereafter, submit a Program of Projects (POP) to the FDOT Central Office.

The Central Office compiles POPs from the various districts and submits a statewide grant application for Federal assistance to the Federal Transit Administration (FTA) by April 1 of each year. FDOT anticipates FTA's approval of the statewide grant application (including district POP's) by July 1. The Florida Legislature also approves the general appropriation for the State's current year budget by July 1. Once Federal approval is received and the State budget finalized, District Offices may make grant awards. (See "Grant Award Process" below.)

**Threshold Criteria.** Threshold criteria are the minimum legal eligibility requirements. Applications must be for eligible capital projects. Applicants must also ensure compliance with a number of other conditions placed on grant recipients including, but not limited to, coordination of transit services, civil rights preservation, compliance with safety and drug free work place regulations, drug and alcohol testing of safety-sensitive employees, competitive procurement of goods and services bought with grant funds, and references to the Federal Transit Administration's Master Agreement (<http://www.fta.dot.gov/documents/17-Master.pdf>).

**Eligible Recipients.** Eligible recipients of Section 5339 Grants include political subdivisions of the State of Florida and agencies thereof; Indian Tribes; and private non-profit agencies designated as Community Transportation Coordinators (CTC) in accordance with Chapter 427, Florida Statutes. Private for-profit agencies may receive funds through contractual arrangements with eligible sub-recipients. The sub-recipient will be responsible for ensuring that the third-party applicant meets all federal and state program requirements. All recipients who are not CTCs must enter into coordination or transportation operator contracts with the appropriate CTC for the purpose of coordinating services. Local governments providing fixed route/fixed schedule service are not required to have an agreement with the CTC.

**Eligible Expenses for Section 5339 Capital Assistance.** Section 5339 funds may be used for the capital expense of transportation services to the general public in rural areas. Eligible expenses are limited to buses, vans or other paratransit vehicles (including sedans and station wagons), radios and communications equipment, wheelchair lifts and restraints, vehicle rehabilitation, microcomputer hardware/software, initial installation costs, vehicle procurement, inspection and acceptance costs, construction or rehabilitation of transit facilities including design, engineering, and land acquisition, and other durable goods such as spare components with unit cost over \$300 and a useful life of more than one (1) year. The cost associated with pre-award and post delivery audits also qualify as eligible capital expenses.

**Ineligible Expenses.** Expenses for charter service; school bus service; service not open to the general public (prioritized serve); **service exclusively within an urbanized area**, and depreciation expense are not eligible under the Section 5339 Program. Likewise, expenses incurred prior to Federal and State approval of a grant application; expenses incurred prior to the execution of a Joint Participation Agreement (JPA), and expenses incurred prior to the Department's approval of plans, specifications, and third party contracts are ineligible.

**Legal Authority and Fiscal & Managerial Capability.** Section 5339 applicants must have the legal authority and fiscal/managerial capability to apply for and manage Section 5339 Grants. Grant recipients are required to maintain adequate financial, maintenance, and operating records and be able to comply with the reporting requirements of the **Disadvantaged Business Enterprise (DBE) Program (49 CFR Part 23 "Participation of Minority Business Enterprise in Department of Transportation Programs.")**

**Matching funds for Section 5339 Capital Assistance.** FDOT will provide the state required match of 20%. The federal share of eligible capital costs shall not exceed 80%.

**Use of Section 5339 vehicles/equipment.** Section 5339 vehicles/equipment may be used for general

public transportation services provided in rural areas only on a regular and continuing basis. They may also be used for service provided to non-sponsored transportation disadvantaged persons and to social service clients in rural areas provided there is no restriction on public use of the service. Service may not be designed exclusively to serve the transportation requirements of social service agencies without regard for the mobility needs of the community as a whole. The need and planned use of the requested vehicles must be detailed in the **Proposed Project Description (Exhibit B)**.

Charter, sightseeing, and exclusive school bus services are not eligible services.

**Services across urbanized/rural area boundaries.** Applicants providing service across urbanized/rural area boundaries must develop a method of segregating or itemizing the costs of services to demonstrate that Section 5339 funds are used primarily for rural area service. Examples of methods that may be used to allocate costs include:

- where all passenger addresses are known, assume the percentage of those addresses located in rural areas equals the level of service in rural areas;
- segregate urbanized and rural service miles based on route maps, and allocate system-wide costs accordingly; and
- utilize driver logs to segregate service mileage or hours inside and outside the urbanized area, and allocate costs accordingly.

**Americans with Disabilities Act (ADA).** Applicants must comply with the Americans with Disabilities Act, (ADA) of 1990, as amended; Section 504 of the Rehabilitation Act of 1973, as amended; U.S. DOT regulations, Transportation Services for Individuals with Disabilities (ADA)” at 49 CFR Parts 27, 37, 38, 39; and FTA regulations, Transportation for Elderly and Handicapped Persons, 49 CFR Part 609.

**Civil Rights Submissions.** Civil rights submissions that will be required include a Title VI Program, Equal Employment Opportunity (EEO) Program, Disadvantaged Business Enterprise (DBE) Program and annual goal, and ADA Paratransit Plan.

**All applicants must submit a copy of their Title VI Plan with the grant application.** At the applicant’s request, the FDOT District Office will provide technical assistance to the applicant in the development of their Title VI Plan.

**Davis-Bacon Act.** In the event that a project involves construction, applicants shall comply with the David Bacon Act 49 U.S.C. Section 5333(a) prevailing wage requirements.

**Environmental Determination.** The impact that a proposed FTA assisted project will have on the environment shall be evaluated and documented in accordance with the National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321 *et seq.*), before grant application.

**Administrative requirements (ONLY IF THE GRANT IS FOR FACILITIES).** Applicants shall supply the appropriate Regional Planning Council (RPC)/local clearinghouse agency (see Appendix) a copy of its application for Federal Assistance. Each applicant shall request the RPC/Clearinghouse, Intergovernmental Coordination and review (IC&R) process to provide a letter of support of the application to the appropriate FDOT District Office. Copies of correspondence to the RPC/Clearinghouse agency should be contained in the grant application.

Section 5339 projects awarded to an agency located in an urbanized area must be included in the metropolitan transportation plan (MTP) prepared and approved by the metropolitan planning organization (MPO), the transportation improvement program (TIP) approved jointly by the MPO and the governor, and the statewide transportation improvement program (STIP) developed by a state and jointly approved

by FTA and FHWA. Projects outside UZAs must be included in, or be consistent with the statewide long-range transportation plan, as developed by the state, and must be included in the STIP.

Although applications for such projects may be accepted by the FDOT District Office prior to their listing in a TIP/STIP, a grant award will not be final for such projects until all administrative requirements are completed, including being listed in the appropriate TIP/STIP.

**Planning requirements.** To remain eligible for Section 5339 awards, recurring applicants must submit the TDSP or TDP for their service area to FDOT in a timely manner. The entire TDSP or TDP does not need to be submitted with the application.

**Audit requirements.**

Part I Federally Funded: If the Agency is a state, local government, or non-profit organizations as defined in OMB Circular A-133 and a recipient of federal funds, the following annual audit criteria will apply:

1. In the event that the recipient expends \$750,000 or more in Federal awards in its fiscal year, the recipient must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. Exhibit "D" to this agreement indicates Federal resources awarded through the Department by this agreement. In determining the Federal awards expended in its fiscal year, the recipient shall consider all sources of Federal awards, including Federal resources received from the Department. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit of the recipient conducted by the Auditor General in accordance with the provisions OMB Circular A-133, as revised, will meet the requirements of this part.
2. In connection with the audit requirements addressed in Part I, Paragraph 1, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133.
3. If the recipient expends less than the amount in Part I, Paragraph 1, an audit conducted in accordance with the provisions of OMB Circular A-133, is not required. If the recipient elects to conduct such an audit, the cost of the audit must be paid from resources obtained from other than Federal entities.
4. Federal awards are to be identified using the Catalog of Federal Domestic Assistance (CFDA) title and number, award number and year, and name of the awarding federal agency.

Part II State Funded: If the Agency is a non-state entity as defined by Section 215.97(2) (m), Florida Statutes, and a recipient of state funds, the following annual audit criteria will apply:

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of \$750,000 in any fiscal year, the recipient must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, Florida Statutes; applicable rules of the Department of Financial Services and the CFO; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. Exhibit "D" to this agreement indicates state financial assistance awarded through the Department by this agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department, other state agencies, and other non-state entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a non-state entity for Federal program matching requirements.
2. In connection with the audit requirements addressed in Part II, Paragraph 1, the recipient shall ensure that the audit complies with the requirements of Section 215.97(8),

Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2) (e), Florida Statutes, and Chapter 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

3. If the recipient expends less than the amount in Part II, Paragraph 1, such audit is not required. If the recipient elects to conduct such an audit, the cost of the audit must be paid from the recipient's resources obtained from non-state entities.

4. State awards are to be identified using the Catalog of State Financial Assistance (CSFA) title and number, award number and year, and name of the state agency awarding it.

### Part III Other Audit Requirements

1. The Agency shall follow-up and take corrective action on audit findings. Preparation of a summary schedule of prior year audit findings, including corrective action and current status of the audit findings is required. Current year audit findings require corrective action and status of findings.

2. Records related to unresolved audit findings, appeals, or litigation shall be retained until the action is completed or the dispute is resolved. Access to project records and audit work papers shall be given to the Department, the Department Comptroller, and the Auditor General. This section does not limit the authority of the Department to conduct or arrange for the conduct of additional audits or evaluations of state financial assistance or limit the authority of any other state official.

**Certifications and assurances.** Applicants must agree to comply with certain Federal requirements by signing the certification and assurances form covered by **Exhibits E, F, I, K and H** of this manual, as appropriate. Compliance items in **Exhibit E** include (but are not limited to) regulations pertaining to charter service and school bus service when using FTA-funded vehicles, equipment, and facilities; and FTA drug and alcohol testing regulations. **Exhibit F** applies to applicants for capital assistance to

To notify an applicant (recipient) approved for an award by FDOT, the FDOT District Office will send a “Notice of Grant Award” to the applicant/recipient with instructions to sign and return it to the District Office (see sample notice in the Appendix.) Thereafter, a JPA will be issued by the District Office to the recipient.

**Note: All recipients must purchase the vehicle(s) and then seek reimbursement from the FDOT!**

## **General Instructions on Forms, Certifications, and Exhibits**

Each form, exhibit, and certification provides FDOT with information it must have to make required assurances to the Federal government and to make project selections. It is important that each required form, exhibit, and certification be complete and correct. Applicants should be aware that there are criminal sanctions for furnishing false information in order to obtain federal grants (18 U.S.C. 1001).

The **original** application Capital Assistance should be prepared on white, 8.5 X 11” paper and securely clipped (no binders or dividers, please) and submitted to the appropriate FDOT District Office. Each District Office requires at a minimum one (1) original and additional copies, as specified by the District, to be submitted. **Application forms, exhibits, and certifications should be arranged in the order listed in the “Checklist for Application Completeness”.** A checklist is provided in this manual at the end of the Exhibits section. The checklist should be used to assure the application is complete. Applications that are incomplete, illegible, or unsigned may be rejected by letter from the District.

The **original** application must be accompanied by the **required cover letter** and **two (2) fully-executed Resolution** forms from the applicant’s governing board (see Appendix for sample). The Resolution should authorize 1) submission of the application; 2) signing of the application and certifications/assurances by a designated individual; and 3) acceptance of the grant award by the designated individual or signing the joint participation agreement or the notification of grant award; and 4) be printed on company letterhead.

**All signatures should be in blue ink by the individual designated by the governing board of the applicant agency. Blue ink distinguishes an original signature from a photocopy. Only original signature resolutions, applications, and acceptance of grant awards are acceptable. The additional copies of the original application may be photocopies. Agencies submitting an application via TransCIP should print and sign the documents and upload a scanned color copy into TransCIP.**

Questions regarding the Section 5339 application process should be directed to the FDOT District Office in the applicant’s service area, as shown in the Appendix of this manual.

## **Transportation-Related Operating and Administrative Expenses & Revenues**

Information regarding the applicant's transportation-related operating and administrative expenses and revenues specific to 5339 funds must be provided with the application. **Forms C-1 and C-2** are included in this manual for that purpose. These forms should provide information about operating and administrative expenses of the vehicles or service operated/provided by the applicant, as described in **Exhibits A and B** of the application, and information about the sources of revenue used to pay for these expenses.

The budget line items shown on the forms were originally defined in the Transportation Accounting Consortium's Model Uniform Accounting System for Rural and Specialized Transportation Providers (TAC Manual). The account numbers in parentheses are the object code numbers for these line items in the TAC Manual and in FTA National Transit Data Reports (NTD). Definitions for expense and revenue line items are included in the Appendix of this manual.

Applicants should show the transportation-related operating and administrative expenses and revenues of their agency as projected for the year the Section 5339 Grant Award is requested. For example, the projected expense and revenue budgets for year FY 2015/2016 should be used if Section 5339 Assistance is requested by the Agency for use in FY 2015/2016.

## **Current Vehicle and Transportation Equipment Inventory Form**

Applicants must complete the “Current Vehicle and Transportation Equipment Inventory” (**Form C-3**), as shown in this manual. The form must include a current list of all vehicles and equipment used by the applicant to transport individuals, including those bought in previous years with Federal funds; those bought with other than Federal funds; those now on order; and those to be ordered with grant awards made in previous years. All columns of the form must be completed. An asterisk (\*) should be placed next to the model year of vehicles to be replaced with the grant being applied for with this application. Vehicles operated by the applicant’s contractor or lessee should also be identified, and the name of the contractor/lessee shown in Exhibit B of the application.

### **Capital Request.**

Applicants must complete the “Capital Request”, **Form C-4**, provided in this manual. The upper part of the form (vehicle requests) covers vehicles; the lower (equipment requests), covers other capital equipment such as radios, computer software, computer hardware, etc.

**NOTE: In the case of vehicles, applicants should be sure to indicate whether the new vehicle is to replace (R) an older vehicle or expand (E) the fleet by adding a new vehicle. The length of the vehicle, the number of passenger seats & wheelchair positions, lift or ramp, and the type of fuel is also important because this affects the cost. The make of the vehicle should not be shown on the form.**

Applicants should refer to “**What’s on the Market**”, located in the Appendix, the vehicle types available, but should also reference the TRIPS website to access the contracts for the vehicle(s) they are interested in to estimate the cost to fulfill their agency’s specific needs and the amount of their request.. Applicants should refer to the “What’s on the Market” summary located in the Appendix to identify the vehicle types available, but should also reference the TRIPS website to access the contracts for the vehicle(s) they are interested in to estimate the cost to fulfill their agency’s specific needs and the amount of their request. The appropriate FDOT District Office or the Center for Urban Transportation Research (see “**What’s on the Market**”) may be contacted for assistance.

**contract revenue** – fee collected from a third-party for transportation services provided to the third-party.

**coordination contract** – A written contract between the CTC and an agency who receives transportation disadvantaged funds and performs some, if not all, of its own transportation services, as well as transportation services to others, when shown to be more effective and more efficient from a total system perspective. The contract reflects the specific terms and conditions that will apply to those agencies who perform their own transportation, as well as joint utilization and cost provisions for transportation services to and from the CTC.

**disabled person** – See individuals with disabilities.

**district program of projects** – A district listing of each applicant agency for which a grant award is proposed, a description of the project to be funded, and the proposed federal, state and local share of the project cost. The district program of projects includes certification by the District Office that all applicants and projects so proposed either meet all program requirements or will meet all program requirements before a JPA is executed.

**eligible expenses, capital 5339** - Section 5339 funds may be used for the capital expense of transportation services to the general public in rural areas. Eligible expenses are limited to buses, vans or other paratransit vehicles (including sedans and station wagons), radios and communications equipment, wheelchair lifts and restraints, vehicle rehabilitation, microcomputer hardware/software, initial installation costs, vehicle procurement, inspection and acceptance costs, construction or rehabilitation of transit facilities including design, engineering, and land acquisition, and other durable goods such as spare components with unit cost over \$300 and a useful life of more than one year. The cost associated with pre-award and post delivery audits also qualify as eligible expenses.

**eligible recipient, 5339** – For the Section 5339 Program, political subdivisions of the State of Florida and agencies thereof, Indian Tribes and private nonprofit agencies designated as CTCs, per Chapter 427, F.S., who provide public transportation in rural areas, are eligible recipients for the Section 5339 Program. Local governments providing fixed route/fixed schedule service are not required to have an agreement with the CTC.

**eligible service, 5339** – Public transit service provided in rural areas on a regular and continuing basis is eligible. Service provided to non-sponsored transportation disadvantaged persons and to social service clients is eligible. Services may not be designed exclusively to serve the transportation requirements of social service agencies without regard for the mobility needs of the community as a whole. The non-prioritization service plan must be submitted to the District Office. Charter, sightseeing, and exclusive school bus services are not eligible services. Since the goal of Section 5339 Rural is to enhance access of people living in rural areas to activities, Section 5339 projects may include the transportation of rural area residents to and from urbanized areas.

Income from contract to provide human service transportation may be used either to reduce the net project cost or to provide local match. In either case, the cost of providing the contract service is included in the total project cost. No Federal Transit Administration program funds can be used as a source of local match for other FTA Programs, even when used to contract for service. In-kind match must be approved, prior to invoicing, by the District Comptroller's Office and be an eligible source listed in the FTA Master Agreement. Non-cash items such as donations of goods or services, volunteered services, or in-kind contributions are eligible to be counted towards the local match only if the value of such is formally documented, supported and pre-approved by the District Office. Any funds committed as match to another Federal program may not be used to match Section 5339 funds.
