Business Experience

1984 to 1998 HOWARD R. FREDRICH, CONSULTANT, Sugar Land, Texas

Construction Management including bidding, planning, procurement, administration, supervision, negotiation, and/or contract claims preparation and submission for Nello L. Teer Co., Williams Brothers Construction Co., and various other Contractors. Various types of construction including major segmental and cable stayed bridges.

Arbitration of construction disputes for the Houston and Dallas offices of the American Arbitration Association and for the International Chamber of Commerce, Paris, France. Dispute Review Board service.

1968 to 1984 NELLO L. TEER CO., Durham, North Carolina
Vice President of Foreign Operations

Full responsibility for bidding and management of projects in Africa, Middle East and Southeast Asia. Resided in Africa from 1971 to 1984. Types of projects bid included highway, bridge, airfield, water supply, pulp mill, grain silo, sugar factory, and irrigation ranging in value from one to two hundred million dollars. Projects evaluated or bid in Ivory Coast, Togo, Benin, Nigeria, Gabon, Somalia, Ethiopia, Kenya, Tanzania, Zambia, Malawi, Mozambique, Zimbabwe, Botswana, Lesotho, Swaziland, South Africa, Abu Dhabi, North Yemen, Saudi Arabia, Syria, Madagascar, Oman, Lebanon, Malaysia, Indonesia and the Philippines. Major projects constructed included 670 miles of highways and bridges in Tanzania, Malawi, Benin, Zambia, and Lesotho, and an International Airport in Malawi. Most of the contracts included FIDIC Conditions of Contract with provision for disputes to be resolved under the procedures of the International Chamber of Commerce. These were utilized when necessary.

1963 to 1968 HOWARD R. FREDRICH, CONSULTANT, Houston, Texas

Construction Management including bidding, planning, procurement, supervision, negotiation, and/or claims preparation and submission for Farnsworth & Chambers Co., Inc., Johnson, Drake & Piper, Inc., Nello L. Teer Company, Brown & Root, and various other Contractors.

1957 to 1963 JOHNSON, DRAKE & PIPER, INC., Minneapolis, Minnesota
Southwestern Division, Houston
Division Manager, Vice President

Responsible for bidding, negotiating, organizing and managing construction projects in the Southwestern United States, Guatemala, El Salvador, Honduras, Panama, and Puerto Rico. Types of projects, including some in joint venture, were highway, bridge, school, hospital, housing, commercial and industrial building, and domed stadium.

1950 to 1957 FARNSWORTH & CHAMBERS CO., INC., Houston, Texas
Highway & Heavy Construction Division
Estimator, Engineer, Vice President, Director

Involved with various highway and heavy construction projects in Texas, Arkansas, Louisiana, Oklahoma, and Central America. Types of projects included highway, bridge, tunnel, dam, airfield, sewer, water, and subdivision development.
