MEMORANDUM NO. 01-00

TO: DISTRICT CONSTRUCTION ENGINEERS

FROM: Greg Xanders, State Construction Engineer

COPIES: Charles Goodman, Archie Montgomery, Susan Laird, Area Construction Engineers

SUBJECT: CPAM REVISION, CHAPTER 3

A need for a clarification of final payment for Clearing and Grubbing has been noted on a recent dispute. This item, as you well know, is a lump sum item and is identified in CPAM Section 3.2, Attachment 3-2-1, as an item to be paid in partial payments.

This proposed revision in Attachment 3-2-1 involves a deletion of the words in parenthesis (at project completion) in 3.f. This change will permit final partial payment when the clearing and grubbing work is completed and not when the entire project is completed.

Please implement this change immediately. If you have any questions, please contact Querido Castillo at SC 994-4138.
