Public Information Meeting Scheduled for Nine Mile Road Improvements

Chipley – The Florida Department of Transportation (FDOT) will hold a public information meeting for work beginning on State Road (S.R.) 10 (U.S.90A/Nine Mile Road), between County Road 99 (Beulah Road) and S.R. 95 (U.S. 29) in Escambia County. The meeting will be held Thursday, Sept. 8 at Plainview Baptist Church, 1101 West Nine Mile Road, from 5:30 p.m. to 6:30 p.m. CDT.

The \$46 million project includes widening Nine Mile Road between Beulah Road and U.S. 29 from two to four travel lanes. Additional improvements include constructing a new bridge over Eleven Mile Creek, new sidewalks and stormwater retention ponds, signalization improvements, and drainage enhancements. FDOT representatives will be available to provide information about planned construction work and potential impacts.

Work is scheduled to begin in September and will require nighttime lane closures and speed limit reductions on Nine Mile Road. Weather permitting, the entire corridor is slated for completion early 2019.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact either Kelli Baxley Rice, P.E. or Brian Tew, FDOT Project Managers, at (850) 981-3000, at least seven days prior to the meeting

For more information, follow the project on Facebook at www.facebook.com/9MileRoadWidening or FDOT District Three on Twitter @myfdot_nwfl and www.facebook.com/MyFDOTNWFL.
