DESIGNATION Criteria

CONNECTOR (HIGHWAY)

DESIGNATION	CRITERION
SIS	Hub-to-Corridor: Connects to the nearest or most appropriate SIS or Emerging SIS corridor Hub-to-Hub: Connects a hub to another hub for freight and/or passenger movement

MILITARY ACCESS FACILITY (HIGHWAY)

DESIGNATION	CRITERION
SIS	Serves main entrance(s) of military installations designated as the Governor's Continuity of Government site(s) (OR) Serves main entrance(s) of U.S. Department of Defense military installations with at least 0.25% of total military and civilian personnel

HIGHWAY CORRIDOR

DESIGNATION	CRITERION
SIS	Interstate facility as designated by USDOT (OR) Designated national highway system (NHS) facility and connected to Georgia or Alabama (OR) Limited access state highway facility, connecting two or more Enterprise Florida economic regions, with each end at a SIS facility
EMERGING SIS	Controlled access state highway system (SHS) facility with a classification 1 - 3 and connects two or more economic regions as defined by Enterprise Florida, with each end at a SIS facility (OR) State highway system (SHS) facility providing service to at least one county or city within a designated Rural Area of Opportunity, with each end at a SIS facility and has at least 6,000 annual average daily traffic (AADT) or at least 13% trucks and at least 1,000 annual average daily truck traffic (AADTT) on 50% of component length

AIRPORTS (COMMERCIAL SERVICE)

DESIGNATION	CRITERION
SIS	Provides scheduled commercial passenger and/or air cargo services (AND) 0.25% of US total - annual passenger enplanements or annual freight and mail tonnage (enplaned and deplaned)

AIRPORTS (GENERAL RELIEVER)

DESIGNATION	CRITERION
SIS	Identified by FAA as a general aviation reliever airport to a SIS airport (AND)
SIS	Handles at least 75,000 itinerant flight operations per year (AND)
SIS	Has a runway with length exceeding 5,000 linear feet (AND)
SIS	Has a runway capable of handling 60,000 pound dual wheel aircraft and serviced by precision instrument approach (AND)
SIS	Serves a cluster of aviation-dependent industries in or adjacent to counties with projected population growth among top 25% statewide

SPACEPORT

DESIGNATION	CRITERION
SIS	Spaceports handling civilian, commercial, or military payloads

FREIGHT TERMINAL

DESIGNATION	CRITERION
SIS	0.25% of total US intermodal rail units or rail carload per year
EMERGING SIS	More than 50 miles driving distance on SIS/Emerging SIS corridors and connectors from closest SIS freight terminal (AND) 0.05% of total US intermodal rail units or rail carload per year (OR) Serves clusters of rail-dependent industries in or adjacent to counties with projected employment growth among top 25% statewide

PASSENGER TERMINAL

DESIGNATION	CRITERION
SIS	0.25% of US total interregional passengers per year (100,000 per year minimum)
EMERGING SIS	More than 50 miles driving distance on SIS and Emerging SIS corridors and connectors from closest SIS passenger terminal (AND) 0.125% of US total interregional passengers (50,000 per year minimum) (OR) Serves clusters of population and tourist activity in or adjacent to counties with projected population growth among top 25% statewide

SEAPORT

DESIGNATION	CRITERION
SIS	500,000 annual home-port cruise ship passengers (OR) 0.25% of US total - annual freight volume measured in tons or annual container volume measured in 20-foot equivalent units
EMERGING SIS	More than 50 miles driving distance on SIS/Emerging SIS corridors and connectors from closest SIS seaport (AND) 250,000 annual home-port cruise ship passengers (OR) 0.05% of US total - annual freight volume measured in tons or annual container volume measured in 20-foot equivalent units (OR) Serves clusters of seaport-dependent industries in or adjacent to counties with projected population growth among top 25% statewide

WATERWAY

DESIGNATION	CRITERION
SIS	Designated intracoastal waterways or coastal shipping lanes (OR) Interregional deep draft waterways with 0.25% of total US waterway freight traffic (OR) Interregional shallow draft waterways with 0.25% of total US domestic waterway freight traffic
EMERGING SIS	Interregional deep draft waterways with 0.05% of total US waterway freight traffic (OR) Interregional shallow draft waterways with 0.05% of total US domestic waterway freight traffic (OR) Serves clusters of waterborne transportation-dependent industries in or adjacent to counties with projected employment growth among top 25% statewide

FREIGHT RAIL CORRIDOR

DESIGNATION	CRITERION
SIS	10 million gross ton-miles per track-mile
EMERGING SIS	5 million gross ton-miles per track-mile (OR) Serves clusters of rail-dependent industries in or adjacent to counties with projected employment growth among top 25% statewide

PASSENGER RAIL CORRIDOR

DESIGNATION	CRITERION
SIS	Provides scheduled interregional or interstate passenger service

URBAN FIXED GUIDEWAY TRANSIT CORRIDORS

DESIGNATION	CRITERION
SIS	Corridors connecting multiple urbanized area counties and serving a regionally significant facility within a single economic region

URBAN FIXED GUIDEWAY TRANSIT TERMINALS

DESIGNATION	CRITERION
SIS	All qualifying urban fixed guideway system stations are designated Stations are treated as SIS passenger hubs if: Located at or near the termini of the urban fixed guideway corridor (OR) Serve a SIS airport, seaport, or spaceport (OR) Are integrated with other passenger rail or bus systems providing connections to other regions or states
