Plans & Projects

#### Welcome

In compliance with State statute, the FDOT maintains a Five-Year Adopted Work Program (AWP) that includes the tentative list of all financially feasible transportation projects that will be funded and carried out during the next five years. Projects are identified and schedules are developed based on priorities and the allocation of funds. The AWP details and commits funding to localities for the included projects. During the annual revision cycle, projects in the AWP are considered for advancement or deferral, a new fifth year is added, and the first year drops off as projects are completed. The annual revision is known as the development of the Tentative Work Program (TWP).

Public hearings are conducted annually to give stakeholders an opportunity to learn about and comment on the TWP. Following the public hearings, FDOT submits the final draft of the TWP to the MPOs and County Commissions. After incorporating changes, it is submitted to the Florida Legislature, the Executing Office of the Governor (EOG), the Florida Transportation Commission (FTC) and the Department of Economic Opportunity (DEO) for consideration during the Legislative Session. In July the TWP becomes the AWP after approval of the appropriations by the Floridat Legislature, budget authorization by the Governor, and signature of the FDOT Secretary. The first year of this AWP becomes the current work program year. Pursuant to Section 216.179, F.S. if the Governor vetoes a specific appropriate, FDOT must not authorize expenditures (state, federal, or local funds) or implement in any manner vetoed projects. Therefore, it is possible the AWP would not reflect projects identified in the TWP. For additional information click here.

#### Adopted Work Program

The Statewide Map illustrates projects on the SUN Trail Network that are funded by the Legislature in the Adopted Work Program (Fiscal Year 2017/2018 - 2020/2021).

SUN Trail Adopted Work Program FY 2017/2018 - 2020/2021 - Detailed Map and Table Set

SUN Trail Adopted Work Program FY 2017/2018 - 2020/2021 - At-A-Glance Maps and Table of Projects

Update Cycle: Adopted annually by the Legislature, effective July 1 each year with the start of the new fiscal year

\*An allocation to one project phase is not a guarantee of commitment to allocations for future project phases.

#### Tentative Five Year Work Program

The tentative work program encompasses the five years after the current work program year. After approval, on July 1, the tentative work program becomes the adopted work program. The first year of this adopted work program becomes the current work program year.

The Tentative Work Program through Fiscal Year 2023 is currently under development

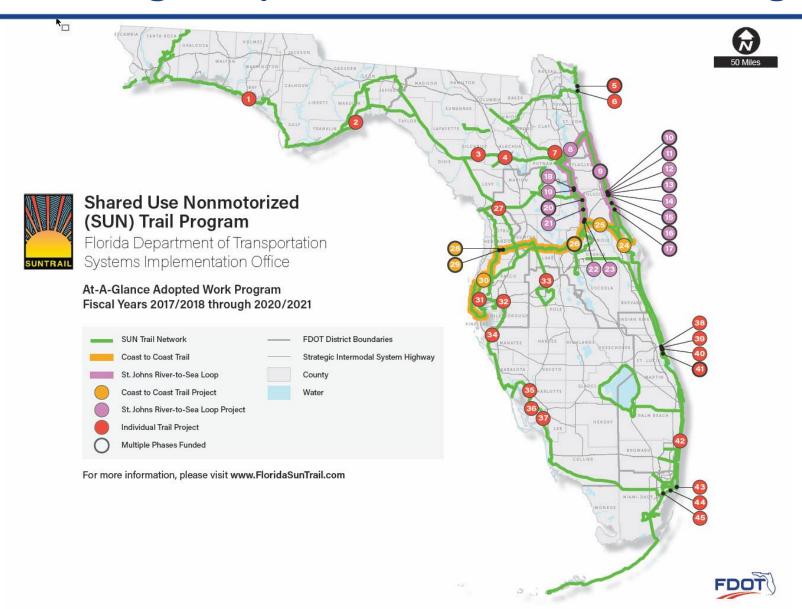

#### Past Adopted Work Program

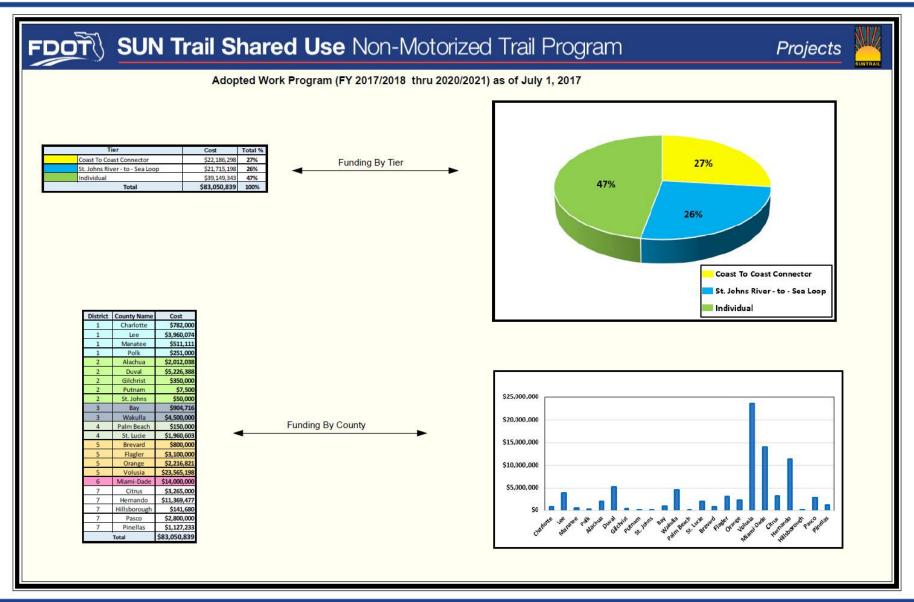

The Florida Department of Transportation (FDOT) announced the selection of the first year of projects to receive funding under the Shared-Use Nonmotorized (SUN) Trail program. A total of \$44,434,543 million was awarded to 45 separate projects located across 21 counties throughout Florida. The funds are for Fiscal Year 2016/2017.
