

102 WORK ZONE SIGNS.

(REV 12-11-97) (FA 1-6-98) (7-00)

ARTICLE 102-3 (Pages 106-111) is expanded by the following new Subarticle:

102-3.5 Work Zone Signs: Work Zone Sign Panels include all Warning and Temporary Regulatory Signs, as identified in the MUTCD and the Roadway and Traffic Design Standards, Index 600. Obtain manufacturer certification that the Work Zone signs meet the requirements of the Roadway and Traffic Design Standards, MUTCD, and this Section. Provide signing in accordance with the Roadway and Traffic Design Standards, unless otherwise shown in the plans.

102-3.5.1 Temporary Regulatory Signs: For Interstate, Expressway, and Turnpike facilities, provide signs with dimensions of 4 foot by 4 foot [1.2 m by 1.5 m]. For all other facilities, provide signs having minimum dimensions of 2 foot by 2.5 foot [0.6 m by 0.8 m].
