

## AASHTO Highway Safety Manual Training is Here!

The FDOT State Safety Office is hosting the following Highway Safety Manual Webinars (90 minute) and Advanced Workshops (4-Days) throughout the State of Florida. Jack Freeman, P.E., P.T.O.E., and Dr. James Bonneson, P.E., are the guest speakers and have over 72 years of Engineering Design and Safety Research experience combined.

If you were unable to attend the webinars, links to the recorded sessions are posted below.

*Workshops: Save the Dates! Design, PD&E, Planning, and Traffic Ops Project Examples will be covered over 4 days of hands-on workshops. One office track will be covered each day. Registration Information for the all workshops will be coming soon.*

Course Date(s)	Time (EST)	Location	Description	GoToWebinar Video Links	
<b>GoToWebinars: Free to the Public/FDOT/Consultant Staff (1.5 PDHs/Webinar)</b>					
12/7/2016	10:30 AM	Webinar	HSM Fundamentals	<a href="#">HSM Webinar Videos</a>	
12/14/2016	10:30 AM	Webinar	HSM Network Screening		
1/5/2017	10:30 AM	Webinar	Part D CMFs		
1/19/2017	1:30 PM	Webinar	Two-Lane Rural Roadways		
1/24/2017	10:30 AM	Webinar	Multi-Lane Rural Roadways		
2/2/2017	10:30 AM	Webinar	Urban and Suburban Roadways		
2/13/2017	1:30 PM	Webinar	Freeways		
2/22/2017	10:30 AM	Webinar	Ramps		
3/2/2017	10:30 AM	Webinar	Benefit-Cost Analysis		
<b>Regional Hands-On Advanced Workshops (4-days) FDOT/Consultant Staff (7-8 PDHs/Day)</b>					
Begin	End	Districts	Location	Office Tracks (One Day Each)	Registration Links
3/27/2017 8:30am daily	3/30/2017 4:30pm daily	D4/D6	Fort Lauderdale	Planning-PD&E-Design-Traffic Ops	Class Completed
4/17/2017	4/21/2017	D1/D7	Tampa	Planning-PD&E-Design-Traffic Ops	Class Completed

5/1/2017	5/5/2017	D5/TP	Deland	Planning-PD&E-Design-Traffic Ops	Class Completed
----------	----------	-------	--------	-------------------------------------	-----------------

Click on the blue registration links above for registration information. Due to the non-standard delivery schedule, Outlook (or other) calendar entries should be saved for each one you plan to attend.

### **Speaker BIODs**

John (Jack) Freeman, Jr., P.E., PTOE, has more than 40 years of experience in transportation planning and traffic engineering. He has worked with Kittelson and Associates, Inc. since 1998 and serves as Senior Project Manager for a variety of transportation/traffic projects. Mr. Freeman's experience includes research for FHWA and NCHRP; traffic operations studies conducted throughout the United States; traffic and ITS design, including signing, pavement marketing and signal design; signal operations and timing, transit signal priority, functional design, including safety, PD&E, and access management projects.

James (Jim) Bonneson, PhD, P.E. has more than 32 years of experience in research, education, and consulting in the transportation area. His professional interests are in the areas of traffic operations, highway safety, and highway geometric design. His expertise extends to the areas of signal operation, signal timing, traffic detection, observational before-after studies, safety prediction, horizontal curve signing, and interchange design. He has been involved in several studies using field data and simulation to develop engineering guidelines for improving highway operation, safety, and design. During his career, he has been a member of several technical committees for the Institute of Transportation Engineers and the Transportation Research Board.
